

Enterprise Networks Session Guide

DNA General Sessions	DNA Technology Pillars		Enterprise Networks Demo List
Innovation Talk: Enterprise Networking for the Digital Economy Tuesday 21/2 11:15 Session ID: INTGEN-2001	ANALYTICS Next Gen Enterprise Management and Operations with Cisco DNA Wednesday 22/2 14:30 Session ID: BRKNMS-2406	MOBILITY Branch Office Wireless LAN Design Wednesday 22/2 14:30 Session ID: BRKEWN-2016	Program Your Campus Fabric Network as a Sensor and Enforcer
Journey to a Digital Network Architecture: Best Practices for Your Organization Tuesday 21/2 13:00 Session ID: PSOCRS-1008	ANALYTICS DNA Campus Fabric - Monitoring and Troubleshooting Wednesday 22/2 14:30 Session ID: BRKCRS-2802	MOBILITY Using Cisco Connected Mobile Experiences to Deliver Blue Dot Indoor Location Positioning Thursday 23/2 10:00 Session ID: DEVNET-1069	Branch Virtualization with Enterprise NFV Managing Your Network with Cisco Prime
Lunch and Learn - Enterprise NFV Tuesday 21/2 12:45 - 14:15 Session ID: LALRST-2002	ANALYTICS DevNet Workshop Analytics with Meraki CMX Location API Wednesday 22/2 17:00 Session ID: DEVNET-2115	MOBILITY Best Practices to Deploy High-Availability in Wireless LAN Architectures Thursday 23/2 11:30 Session ID: BRKEWN-3014	Branch Automation with SD-WAN Automate Network QoS Provisioning
Lunch and Learn - Operation and Management with NVF Tuesday 21/2 12:45 - 14:15 Session ID: LALDCT-2004	AUTOMATION APIC-EM: Policy Automation with DNA and Network Automation Easy, Fast, Reliable Wednesday 22/2 9:00 Session ID: BRKARC-3004	SECURITY ASA Firepower: NGFW Typical Deployment Scenarios Tuesday 21/2 14:15 Session ID: BRKSEC-2050	Enterprise Branch Threat Defense Location-Based Services with CMX
DNA Customer Panel: Are We Digital Ready? Wednesday 21/2 11:30 Session ID: PNLCRS-2001	AUTOMATION Virtual Branch Deployment Automation using APIC-EM Wednesday 22/2 14:30 Session ID: BRKNMS-2038	SECURITY Branch Security: Implementing, Managing, Monitoring, and Troubleshooting Wednesday 22/2 16:30 Session ID: BRKSEC-2342	Mobile Enterprise for Apple Users Cloud Security for Mobile Users
Lunch and Learn - IWAN Wednesday 22/2 13:00 - 14:30 Session ID: LALRST-2001	AUTOMATION Network Automation with the Meraki API Friday 24/2 11:30 Session ID: BRKSDN-3900	SECURITY Introducing Cisco Umbrella For Cloud Based Threat Protection Thursday 23/2 14:30 Session ID: BRKSEC-1980	World of Solutions Activities DNA Advisor Kiosk Education Zone Sessions Wireless AP Wall
Lunch and Learn - Cisco Network Function Virtualization Infrastructure (NFVI) Thursday 23/2 13:00 - 14:30 Session ID: LALSPG-2003	CLOUD Cisco Meraki Developers: Cloud as a Platform Overview Wednesday 22/2 15:00 Session ID: DEVNET-1021	VIRTUALIZATION Branch Virtualization: The Evolving NFV Landscape Tuesday 21/2 16:45 Session ID: BRKARC-2014	
	CLOUD Network Automation with the Meraki API Thursday 23/2 11:30 Session ID: BRKSDN-3900	VIRTUALIZATION Deploy Network Services in Minutes on any Platform with Cisco Enterprise Network Functions Virtualization Wednesday 22/2 11:30 Session ID: BRKARC-2112	
	CLOUD Cloud Managed Security for Distributed Networks with Cisco Meraki MX Friday 24/2 11:30 Session ID: BRKSEC-2055	VIRTUALIZATION Network Function Virtualization for Enterprise Networks Thursday 23/2 09:00 Session ID: BRKCRS-3447	

Other Enterprise Networks Sessions

Routing	Switching	Wireless	Prime Infrastructure
Cisco ASR 1000 Series Routers: System and Solution Architectures Tuesday 21/2 14:15 BRKARC-2001	Enterprise Campus Design: Multilayer Architectures and Design Principles Tuesday 21/2 14:15 BRKCRS-2031	Design and Deployment of Enterprise WLANs Tuesday 21/2 14:15 BRKEWN-2010	How I Learned to Stop Worrying and Love Prime Infrastructure Wednesday 22/2 09:00 BRKNMS-2701
IWAN Design and Deployment Workshop Tuesday 21/2 09:00 BRKCRS-2002	Cisco Catalyst 3850 and 3650 Series Switching Architecture Thursday 23/2 09:00 BRKARC-3438	7 Ways to Fail as a Wireless Expert Tuesday 21/2 16:45 BRKEWN-2019	Wireless Troubleshooting with Cisco Prime Infrastructure Thursday 23/2 09:00 BRKNMS-2847
Migrating Your Existing WAN to Cisco's IWAN Wednesday 22/2 11:30 BRKCRS-2007	Digital Building - Cisco Lays the Foundation of Success for the Next-Generation Smart Buildings Thursday 23/2 13:15 PSOGEN-1002	Cloud-Managed Mobility with Meraki Wireless and MDM Wednesday 22/2 11:30 BRKEWN-2002	Configuration Compliance Management with Prime Infrastructure 3 Thursday 23/2 11:30 BRKNMS-2036
How to Choose the Correct Branch Device Wednesday 22/2 16:30 BRKRST-3404	Get Your YANG on with Catalyst Programmability Thursday 23/2 14:30 BRKCRS-2450	Advanced Troubleshooting of Wireless LANs Thursday 23/2 09:00 BRKEWN-3011	Managing an Enterprise WLAN with Cisco Prime Infrastructure Friday 24/2 09:00 BRKEWN-2011
Advanced Concepts of DMVPN Friday 24/2 09:00 BRKSEC-3052	High Availability in the Access Friday 24/2 11:30 BRKCRS-3438	Designing Next-Gen Wireless Open Office Thursday 23/2 14:30 BRKEWN-2670	How to Manage Wired Networks with Cisco Prime Infrastructure Friday 24/2 11:30 BRKNMS-2848
